

## Beretta 28g SO10 EELL Serial Number SOE43B \$100000.00

## DESCRIPTION

Beretta 28g SO10 EELL

Highly figured walnut stock with checkered butt and slim, fluted field forends with Deeley catches. Stock and forearm are checkered at 26 lpi w/ traditional drop points and a straight hand grip.

Scaled 28g receiver, auto safety, SST, pierced top lever, and hand detachable locks that are pinless and have hidden detach levers.

Receiver has a brushed or "coin" finish to best showcase the highly detailed bulino engraved game scenes on the lock plates and receiver. Engraved by Creative Arts, the game scenes feature flushing Bobwhite quail on the left lock plates, a brace of flying grouse on the right lockplate, and on the bottom are Pintail ducks flying in the background with songbirds in the foreground. The balance of the steel is covered in an Italian fantasy scroll.

28" Demi-Bloc barrels with solid top and side ribs and supporting forend wings. The barrels are fitted with Beretta MobileChokes.

Gun is complete in the maker's black leather case with tan interior and a complement of horn handle tools. Made in the early 2000's. the gun shows some signs of use, but is excellent overall. The SO10 is arguably the finest over/under shotgun ever produced by Beretta.

## SPECIFICATION

Location US

Make Beretta

Calibre/Gauge 28g

Action Sidelock

1
