

Westley Richards .318 Bolt Action Magazine Rifle

Serial Number 300037

\$15000.00

DESCRIPTION

Westley Richards Bolt Action chambered in the firm's venerable .318 *Accelerated Express* based on an original commercial Mauser action with modern military type hinged floorplate. Updated with modern swing mounts with 1" rings and a new bolt shroud with a 3-position safety.

Original 22" barrel has an island foresight and original barrel mounted sling eye. Island rear sight with 1 standing/2 folding leaves and Westley Richards' patented tangent sight. Barrel is marked " *Westley Richards & Co., London*" engraved on the barrel with the W.R.&Co. "Golden Triangle" trademark on the Nock's form.

Probably a replacement stock done long ago with a rounded, semi-pistol grip, single steel recoil bar, and a 13 1/4" LOP over a traditional rubber recoil pad. Sling eye mounted on the stock's toe line.

Rifle is in good, serviceable shape with a decent bore. The stock is crack and repair free and the rifle has been updated for modern hunting. A lot of life left in this rifle that has a lot of character.
